Proposal

1. Organisation Overview:

Name: Si Gone Cafe

Brief History: Started in 2021, Si Gone Cafe is a local coffee shop and bakery that sells fresh coffee, pastries, and light meals.

Mission and Vision: To create a friendly place for good coffee and fresh food, while making it easy for busy customers to order online.

Target Audience: Students, remote workers, and office workers that are aged between 18 to 45 years who want quick, good quality coffee and meals.

2. Website Goals and Objectives:

Goals: Get more people to visit the shop, allow online ordering for pickup, and show daily food specials.

KPIs: Get 1,500 website visitors per month within 3 months and to get at least 20 online orders per day while keeping website dropoffs low.

3. Current Website Analysis (if applicable):

Strengths: Good social media presence with active Instagram followers.

Weaknesses: The current website is just one simple page with no menu, no online ordering, and no business hours.

Areas for Improvement: Add a clear online menu, online payment options and simple directions with business hours.

4. Proposed Website Features and Functionality:

Outline essential features

- Homepage: Big welcome picture, daily specials, and quick buttons like "Order Now" and "Find Us".

- Menu Page: A clear menu (Coffee, Bakery, Breakfast) with prices and food choices
- Online Ordering: A shopping cart where people can pick items, pay online, and select a pickup time.
- Contact and Location: A map showing the location, opening hours, and a contact form.

5. Design and User Experience:

Overall Aesthetic: Clean, simple, and modern with a warm feeling.

Colour Scheme: Blue, White and Yellow

Typography: Main Font: Aptos

Layout and Design: Top menu bar that stays visible, easy search bar, cart icon, and mobile-friendly design.

Top menu, big banner image with an action button, 3 columns showing menu items, and a footer with contact details and a map

Hierarchy

6. Technical Requirements:

Hosting & Domain: Custom website address (Si Gone Cafe.co.za) hosted on a safe cloud server.

Stack & Frameworks: Built using HTML, CSS, and JavaScript for the front pages, with a simple database behind it to hold menu item information

7. Timeline and Milestones:

Phase 1 (Week 1 to 2): Collect pictures, plan pages, and design rough layouts.

Phase 2 (Week 3 to 4): Build the web pages and set up the menu database.

Phase 3 (Week 5): Add online card payments and test the site for bugs.

Phase 4 (Week 6): Final check with the client and launch the website.

8. Budget:

Website Address & Hosting: R1,500 per year

Design & Main Page Building: R8,500

Online Store and Payment Setup: R6,000

Testing and Launch: R2,000

Total Estimated Budget: R18,000

AI tool used: Google Gemini

Date of interaction: August 2026

1. Description of AI Usage

Artificial intelligence (Google Gemini) was utilized as a supportive tool for this assignment.

Specifically, it was used for:

Structuring the project proposal and aligning sections with the module requirements.

Assistance with formatting the cover page, Table of Contents, and document layouts.

Generating IIE Harvard reference list entries for external media assets.

2. In-Text Citation and Full References

In-Text Citation: (Google Gemini, 2026)

Full Reference Entry: Google Gemini. 2026. *Generative AI response to Boitshepo Segone regarding web development project proposal and referencing*. 12 August 2026.

3. Proof of interaction (Screen Shots)

4. The following screenshots show the prompts and AI responses used to generate the logo and promotional video for the SI GONE CAFÉ using Google's Gemini.
